

California Public Utilities Commission

JULY 30 AND 31, 2018 PUBLIC FORUM ON CAL-AM'S REQUEST TO PURCHASE FRUITRIDGE VISTA

We Want Your Opinion!

Attend one of our two public forums to provide your perspective and input to the CPUC about California-American Water Company's (Cal-Am) request for CPUC approval to purchase and operate Fruitridge Vista Water Company.

Cal-Am is also asking for CPUC approval of a rate increase for the Fruitridge Vista area. If the application is approved, Fruitridge Vista customers would see an increase of 9 percent annually from 2019-2023.

The CPUC regulates privately owned electric, natural gas, telecommunications, water, railroad, rail transit, and passenger transportation companies.
